Built in 2002, Oceanview Village is a condominium complex of 370 units and onsite commercial amenities including a bank, fitness center and dining options. Conveniently located near both BART and freeways, this location makes it easy to get anywhere in the Bay Area.

The condo's contemporary layout and construction give it a spacious feel and make it move-in ready. The entryway offers in-unit laundry and two large closets. With well-maintained wood floors and portrait-style windows on two sides, the open plan living and dining areas are bright and cheerful spaces. The kitchen is outfitted with granite countertops and a breakfast bar.

The first of two separated bedrooms comes equipped with two closets and two windows along with cozy carpeting. The master bedroom, also carpeted, is large enough for a king-sized bed, and has two capacious closets and an ensuite bathroom with a shower over tub, dual sinks, and travertine marble tiling.

8300 Oceanview Terrace #204, in addition to being all on one level and boasting tons of storage space throughout the unit, is a well-situated corner unit located above the leasing office and near the elevators to the parking garage. The HOA offers private security and landscaping in common areas and the complex is home to businesses like Subway, Extreme Pizza, Chase Bank, 24 Hour Fitness, PostNet, Hertz, and a dental office which make running errands and picking up a quick bite easy.
