About the property

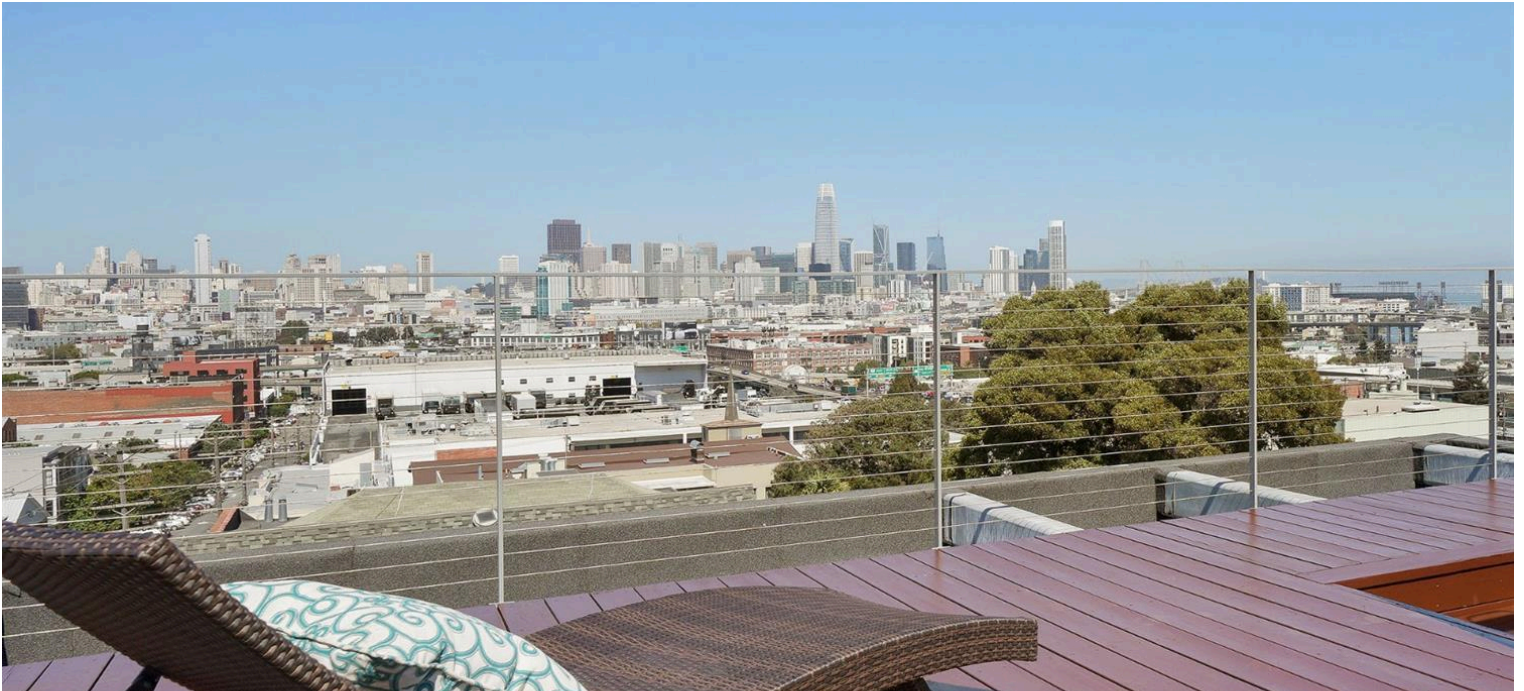

Welcome to 489-495 Utah, a three unit building plus legal cottage (accessory dwelling unit ADU. Built in 1904, fully remodeled in 2018, and located in the micro-neighborhood on the hill between the Mission and Potrero Hill, this luxurious building combines graceful Edwardian proportions with flawless contemporary fixtures and finishes. Pride of craft and attention to detail abounds. You'll love upgrades like newly installed wide-plank oak hardwood floors, Thermador appliances, Carrara marble, and jaw-dropping views of San Francisco's cityscape and the bay beyond. The building's shared entrance features both new tumbled granite single slab stonework and original terrazzo, protected via an artificial intelligence (AI) entry system and leads to three separate units and a cottage.
